Ray, below is an email I sent to SAC [Ex. 7(c)] It should give you a good indication of our requests for manpower and resources.

- your call on plane versus train

My question is this, is the concern with planes safety record, on time reliability or threat of terror attack?

Our typical package is:

Host country police support

Armored Limo (SUV) With driver
Armored Follow (SUV). With driver
Appropriate Staff Support Vehicle. With driver

Luggage van driver and handler
Airport or Train expediter, as applicable

FSNI - from wheels down of advance team thru wheels up
- EPA is responsible for all overtime, lodging and travel costs

Advance vehicle and driver - large enough to support two advance agents, staff advance and embassy support
- from wheels down of advance team thru wheels up of Administrator

Possible second advance sedan if leap frogging of Sites becomes necessary

- EPA is aware we are responsible for all costs associated with these requests

This package could - would most likely - be duplicated in the cities to be visited.

- local cell phones?
- other?

Hello Washington friends,

1. Here is the revised budget that includes Public Affairs. They would go one day in advance before the rest of us to set things up.
2. Great news on the food event front! The Minister agreed to a Saturday afternoon food event in Bologna.

3. [Ex. 6 - Personal Privacy], the Foreign Service National Investigator (FSNI) in Florence, will be the FSNI lead for the Administrator's protective detail. You can communicate with RSO [Ex. 6 - Personal Privacy] and [Ex. 6 - Personal Privacy] about security, including trains.

4. Later in the week, [Ex. 6 - Personal Privacy] will be sending out invitation and call-in information for the scheduled calls. We've shifted the Friday April 14th call to April 13th.

Cheers, [Ex. 6 - Personal Privacy]
